All types of heels and toes, and choice of hand-turned or welled soles. Not all sizes in any one style, but nearly every size in the combined lot. Hurry for best choice. Kann's—Fourth Floor.

DISTRICT FAVORED IN BUILDINGS BILL

Measure, Including \$4,000,000 for Federal Structures in Washington, to Be Reported to House Today.

Over \$4,000,000 for improvements in the District will be included in the report of the House Committee on Public Buildings and Lands, which will be reported today.

The committee has dealt liberally with the District and new structures for the Department of Justice and other government departments now housed in temporary buildings, are favored. The final draft of the bill will be prepared at a meeting to be held today.

Some opposition has developed and will undoubtedly be aired when the bill is introduced to the House. Representative Ashbrook, of Ohio, is one of those who is strongly against the measure, and he has refused to attend sessions of the committee while it was being considered. There is some talk of a minority report.

SHOOTSELF IN HEAD.

James W. Burdine Dies in Emergency Hospital Ambulance.

James W. Burdine, 55 years old, while in his bedroom at the family home, 407 M street southwest, last night shot himself twice in the right side of the head, dying in the ambulance while being rushed to Emergency Hospital.

Mrs. Burdine told the police her husband went up stairs saying that he intended to kill himself. A minute later, she said, there was the sound of a pistol shot quickly followed by a second shot. She hastened to the room and found her husband unconscious.

Committee to Ask for Funds.

The committee on legislation of the joint committee of the local trade bodies yesterday decided to petition Congress to appropriate \$25,000 to be used in making preparations for the Confederate reunion to be held here next May.

To Consider Casement Case.

President Wilson promised Senator O'Gorman yesterday that he would consider requests that have been made to him by relatives of Sir Roger Casement and others interested in the case of the man who is under sentence of death.

URGES EDUCATION OF IMMIGRANTS

Wilson Tells Citizenship Congress Instruction Is Necessary to Inculcate Loyalty.

President Wilson, addressing the Citizenship Congress at the Wilson Normal School yesterday, asserted "the education of the alien is as important to ourselves as to those we are trying to naturalize."

"If we are genuine Americans they cannot avoid the infection, whereas if we are not genuine Americans there will be nothing to infect them with, and no amount of teaching the Constitution or dwelling upon the idea of liberty and justice will accomplish the object unless we ourselves illustrate the idea of liberty and justice."

"The sort of loyalty which should be inculcated into these newcomers is the loyalty that means you should be ready to sacrifice every interest you have, and life itself, if your country calls upon you."

Other speakers at yesterday's session were Dr. J. M. Berkey, director of the special school and extension work in Pittsburgh; W. W. Ragsdale, chief naturalization examiner, Pittsburgh; and L. R. Alderman, superintendent of schools, of Portland, Ore.

Deputy Commissioner of Naturalization Raymond F. Crist, who was instrumental in getting the congress together, will speak at this morning's session. Other speakers will be Walter Schmidt, Detroit, Mich.; Justice Frederick L. Siddons, of the District Supreme Court, and M. J. Donney, assistant director evening and continuation schools, of Boston.

DISTRICT TROOPS TO LEAVE MONDAY

Will Be Stationed at Bisbee, Ariz.—To Entrain at Rosslyn.

The First Battalion and the Machine Gun Company, of the Third Infantry District militia, with a detachment of sanitary troops and a detachment of the First Separate Battalion will leave Rosslyn, Va., for Bisbee, Ariz., Monday at 4 o'clock. Orders to pack and load the equipment of the troops were received by Col. Glendie B. Young yesterday, and it is certain the men will move at the time set.

Nineteen officers and 375 men will make up the detachment. Roughly, the two, starting at Rosslyn, Va., over the Chesapeake and Ohio, and traveling over various roads through Louisville, Memphis and El Paso to Bisbee will be followed. Seventeen cars have been ordered to the siding, and supplies are being accumulated.

Capt. W. E. P. French, getting quarter-master at Fort Myer, expects to pay the District soldiers today the money that has been due them for two weeks. Transfer of authority and change of orders originating from the Eastern Department headquarters has caused the delay.

ONLY 9 GUARDSMEN'S FAMILIES NEED HELP

Mrs. William E. Harvey Reports to Welfare Association on Applications for Financial Assistance.

A meeting of the finance committee of the Citizens Welfare Association was held yesterday in the association's new headquarters in the Munsey Building. Mrs. Alice I. Steward, executive secretary in charge of the headquarters, made a report on the number of applicants for relief and the amount of money that has been expended.

Mrs. William E. Harvey reported for the investigating committee that out of the sixty-five applicants for assistance only nine were in need of financial assistance. The majority needed advice or employment.

The employment committee announced that it would make thorough search of the business men of the city to get a list of the available vacancies and will endeavor to find employment for all members of the District Guardsmen's families who are found to be in need of this kind of assistance.

The sum of \$250.00 has been subscribed to the relief fund.

BURLESON ESCAPES DEATH.

Postoffice Head and Assistant Overturn in River.

Postmaster General Burleson and Second Assistant Postmaster General Otto Praeger last Sunday had an exciting experience in the Potomac River, it developed yesterday. The Postmaster General and Postoffice Department officials made every effort to keep the story secret, but it leaked.

Postmaster General Burleson and Praeger are ardent fishermen. On Sunday their boat struck a rock and keeled over. It is stated, leaving the occupants foundering in the water a short distance above Great Falls. The plight of the postoffice head and his assistant was seen by occupants of other boats who came to the rescue.

PASSES MILITARY EXAMINATION.

In a field of seventeen contestants, Sergt. David H. Blakelock, of the Machine Gun Company of the Third Infantry, District militia, passed theoretical and practical examinations with the highest grades and will be appointed to a second lieutenant's position. The board of the examinations was composed of Lieut. Col. Anton Stephan and Maj. Hodgson, McCathran and Summers.

Lieut. Claude Burlingame, of Company B, will be commissioned captain to fill the vacancy caused by the resignation of Capt. John E. Brooks.

"VET" OFFICERS NAMED.

Spanish War Men Chosen for New Posts.

Lee H. Harris, newly elected department commander, United Spanish War Veterans, yesterday named the following members to appointive offices:

Adjutant, John A. Gallagher; quartermaster, John Farmer; assistant adjutant, Howard E. Chase; assistant quartermaster, Frank Wellock; judge, advocate, Jere A. Costello; historian, W. L. Matlocks; installing officer, William T. Hermitage; patriotic instructor, Richard L. Lamb; color bearer, Loring C. Wood; chief musician, Robert O. Clifford; aide-de-camp, Adolph Graft, Edward B. Doran, Robert L. Longstreet, Sheridan Perree, Emil A. Fenstad, John F. Mahoney, John Murphy and Clarence Mathias.

TEAMS PRACTICE FOR TRADE GAME

Local Commercial Bodies Clash on Baseball Diamond July 26.

Wanted—baseball players.

A. E. Landvoigt, who has been assigned by the Board of Trade to recruit a baseball team from among its members, has a full team, with the exception of a few pitchers, several catchers, a couple of dozen infielders and a handful of outfielders.

The team is expected to be recruited by July 26, when a battle is scheduled with the Chamber of Commerce for the 1916 championship of the Washington trade bodies. There is also a vacancy for a mascot and an official scorekeeper. The scorekeeper will be required to furnish his own adding machine.

Jess Willard cannot get away from his circus, so he will not be requested to act as umpire. It is not yet known who will be drafted to serve in this capacity.

Training was inaugurated Wednesday and will continue each Wednesday and Monday. Four volunteers were present at the initial try-out Wednesday, sides were chosen and a lively game was held. The second try-out will take place Monday and all who expect to play in the championship series are requested to report for duty.

PART OF MILITIA TO REMAIN HERE

Only First Battalion and Machine Gun Company Will Entrain, Is Report.

After the First Battalion and the Machine Gun Company of the Third Infantry, District militia, leave Camp Ordway next Monday, no other District troops will leave for the Mexican border, according to "unofficial" information obtained at the War Department last night. The remainder of the District troops will not be mustered out, but will stay in camp and undergo extensive training until October.

At Camp Ordway substantial mess shacks are being built for each company. Larger water mains have been laid, the ground has been cleared of brush and weeds, and the sanitary measures taken are those of a permanent camp site.

The officers and men of the militia will be badly disappointed when they hear of the possibility of being held near Washington all summer. Nearly every man has left a good position to answer the call of the President, and many have enlisted because of the possibility of Mexican service.

MILITIA FIGHT CONTINUES.

O'Gorman Says Guard Officers Will Be Restored.

The fight between military discipline and political persuasion waxed warm yesterday over the order of Maj. Gen. Wood, mustered Col. Conley and Phelan, of the Sixty-ninth New York Infantry, out of the active service on account of physical disability.

After a conference at the White House with the President, Senator O'Gorman said the officers would be reinstated before morning. Army officers, who resent political interference in the military establishment, were emphatic in declaring their belief that Gen. Wood would not be overruled.

MEXICO DESCRIBED.

Red Cross Nurse Gives Her Impressions After Service There.

Vivid descriptions of conditions in Mexico were given by Lucille Wetherell, who served as a Red Cross nurse there for ten years, in a lecture for the Red Cross fund, at the New Willard last night.

Miss Wetherell did not picture Mexico as a country of villains and murderers, but as a country with its difficulties, like those of the other nations of the world. "Very similar," she said, "to the troubles that the United States has had and is having."

New Bridge Named.

The new bridge over Rock Creek at Pennsylvania avenue was formally named the Meigs Bridge by the Commissioners yesterday. The new structure is named in honor of Maj. Gen. Montgomery C. Meigs, who designed the famous Cabin John Bridge, the largest one arch structure in the world.

Marine Killed in Haiti.

Rear Admiral Caperton, in charge of American Marines in Haiti and Santo Domingo, reported to the Navy Department that Private Peter Kalich, of the Nineteenth company of Marines, was "accidentally shot and killed" on July 10. Kalich's father lives at Nequechoming, Pa.

PARALYSIS CASE IN WASHINGTON

Twenty-three Months' Old Infant, in Northeast Section, Develops Disease.

A mild case of infantile paralysis was reported to the District health department yesterday. The patient is a 23-months-old infant, living in the northeast section. The case was reported by Dr. James J. Kilroy.

In the diagnosis sent to the department the physician states that the only symptoms are a slight feverishness and a slight dragging of one foot. The diagnosis, however, is obscured by the statement of other children in the family that a brick was dropped on the child's foot several days ago.

Dr. John L. Norris stated last night that every possible precaution has been taken in the case to prevent the spread of the disease. The child has been quarantined and other members of the family placed under observation.

Secretary of the Treasury McAdoo yesterday directed the Public Health Service to order Senior Surgeon Charles E. Banks to proceed from Milwaukee to New York to inaugurate a system to prevent the spread of the disease. Surgeon Banks will arrive in Washington today to receive detailed instructions.

Joined by Experts.

He will be joined in New York by twelve additional officers of the Public Health Service.

The plan for dealing with the interstate dangers involved in the New York situation was worked out at a conference between Secretary McAdoo, Assistant Secretary of the Treasury Newton, Surgeon General Rupert Blue and other officers of the Public Health Service last night. It was decided that there will be no quarantine against New York. The system will consist of a careful notification of public health authorities throughout the country of the departure of children from New York who have been subjected to the slightest possibility of contagion. Treasury Department officials said yesterday that it is a most arduous task which has been undertaken.

Novena to St. Ann.

Next Monday, the annual novena to St. Ann will begin in St. Ann's Church on Wisconsin avenue. There will be two exercises each day, mass at 6:30 a. m., followed by the novena prayers. The instruction will be followed by benediction and veneration of the relic at 7:30 p. m.

Filipino Sued for Divorce.

Mrs. Marion M. Romero yesterday filed suit in the District Supreme Court for an absolute divorce from her husband, Silverio P. Romero, a Filipino, charging cruelty, nonsupport and misconduct. The couple were married in Washington July 1, 1914.

Italy has joined other European nations in prohibiting the manufacture, importation or sale of absinthe.
